Missing Births >>		52,664,181	Additional Missing Births >>			12,875,083						
							MISSING PEOPLE	LARGEST CITIES	TOTAL MISSING HOUSEHOLDS			
							65,539,264	129	15,494,775			
							MISSING INCOME/PRODUCTIVITY			MISSING TAX REVENUE (FEDERAL)		
							\$5,758,243,400,000	<< Missing Income	\$1,439,560,850,000	<< Missing Tax Revenue		
							41%	<< Percent of GDP	10%	<< Percent of GDP		
							40%	<< Percent of Debt	10%	<< Percent of National Debt		
							2,759,478,000,000	<< Work Hours				
							1,379,739,000	<< Work Years				

This chart illustrates that the effects of abortion are far greater than the general data show. In fact, the effects are far reaching when you factor in the loss of births by those who would have been alive and factor in their lost wages, productivity, and the resultant number of missing households of couples and singles.

In fact the numbers are staggering.

It equals the entire population of the 129 largest US cities. Their income would be equal to 16% of all taxes or 40% of our Gross Domestic Product, and would occupy more than 15 million houses and apartments.

And that's just the beginning...

Variables Used for this Sheet: Number of Abortions: National Right to Life / Marriage Quotient: 0.5 / Work Start Year: 1996 / GDP: \$14,119,000,000,000 / National Debt: \$14,293,539,500,000 / Birth Rate (Married) 2.1 / Average Tax Rate 25% (IRS) / Average Per Capita Income \$26,000 (census.gov) / Home sales: National realtor data sites

What are we really doing? Destroying human lives.

What is the Real Issue?

Humans from conception are uniquely valuable because of their very form and existence.
Not just because some deems them as valuable.

Established in Creation

In the beginning God created the heavens and the earth. The earth was formless and void, and darkness was over the surface of the deep, and the Spirit of God was moving over the surface of the waters. Then God said, "Let there be light"; and there was light. God saw that the light was good; and God separated the light from the darkness. God called the light day, and the darkness He called night. [...] Then God said, "Let the earth bring forth living creatures after their kind: cattle and creeping things and beasts of the earth after their kind"; and it was so. God made the beasts of the earth after their kind, and the cattle after their kind, and everything that creeps on the ground after its kind; and God saw that it was good.

Then God said, "Let Us make man in Our image, according to Our likeness; and let them rule over the fish of the sea and over the birds of the sky and over the cattle and over all the earth, and over every creeping thing that creeps on the earth." God created man in His own image, in the image of God He created him; male and female He created them.

God blessed them; and God said to them, "Be fruitful and multiply, and fill the earth, and subdue it; and rule over the fish of the sea and over the birds of the sky and over every living thing that moves on the earth

Echoed in our Declaration of Independence

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.-- That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, --That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness.

Established in Medicine and Law

The medical facts are simple: Life begins at conception. How else could you define it?

An infant inside or outside of the womb is a fully formed and unique person and NOT the mother's body. Why do we allow the willful murder of these defenseless people?

How often do we consider the 'Image of God'?

- Abortion
- Murder
- Dangerous products
- Misleading statements
- Drug abuse
- Prostitution
- Slavery
- Common disdain for others

If you really saw every person as being made in the image of God, how would it change your behavior? And what about the 65,539,264 individuals now missing from our country?

It equals the entire population of the 113 largest US cities. Their income would be equal to 16% of all taxes or 66% of our Gross Domestic Product, and would occupy more than 14 Million houses and apartments.

What cannot be calculated?
The cascading loss of creativity, energy, and innovation.

What does 65,539,264 missing people and 15,494,775 missing households and \$5,758,243,400,000 missing income represent?

1. It is the entire population of the 129 largest cities in the US:

New York, Los Angeles, Chicago, Houston, Philadelphia, Phoenix, San Antonio, San Diego, Dallas, San Jose, Jacksonville, Indianapolis, San Francisco, Austin, Columbus, Fort Worth, Charlotte, Detroit, El Paso, Memphis, Baltimore, Boston, Seattle, Washington, Nashville, Denver, Louisville, Milwaukee, Portland, Las Vegas, Oklahoma City, Albuquerque, Tucson, Fresno, Sacramento, Long Beach, Kansas City, Mesa, Virginia Beach, Atlanta, Colorado Springs, Omaha, Raleigh, Miami, Cleveland, Tulsa, Oakland, Minneapolis, Wichita, Arlington, Bakersfield, New Orleans, Honolulu, Anaheim, Tampa, Aurora, Santa Ana, Saint Louis, Pittsburgh, Corpus Christi, Riverside, Cincinnati, Lexington, Anchorage, Stockton, Toledo, Saint Paul, Newark, Greensboro, Buffalo, Plano, Lincoln, Henderson, Fort Wayne, Jersey City, Saint Petersburg, Chula Vista, Norfolk, Orlando, Chandler, Laredo, Madison, Winston-Salem, Lubbock, Baton Rouge, Durham, Garland, Glendale, Reno, Hialeah, Chesapeake, Scottsdale, North Las Vegas, Irving, Fremont, Irvine, Birmingham, Rochester, San Bernardino, Spokane, Gilbert, Arlington, Montgomery, Boise, Richmond, Des Moines, Modesto, Fayetteville, Shreveport, Akron, Tacoma, Aurora, Oxnard, Fontana, Yonkers, Augusta, Mobile, Little Rock, Moreno Valley, Glendale, Amarillo, Huntington Beach, Columbus, Grand Rapids, Salt Lake City, Tallahassee, Worcester, Newport News, and Huntsville.

2. The working age aborted would have generated 2,759,478,000,000 hours of work.

What does this represent? It took 7,000,000 hours to build the Empire State Building. So these aborted Americans could have built 864,000 Empire State Buildings.

3. \$5,758,243,400,000 of missing income is 40% of the national debt.

4. What do 15,494,775 missing households represent?

There were about 4 million homes sold in 2010. So this represents more than three times that number and is more than all the houses available today.

5. It is violation of the rights of these citizens.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.

What cannot be calculated? The loss of creativity, energy, innovation, contribution, and the cascading loss of new lives.

Background and Sources: The Origin of the Project

Accuracy of the Data: Scarier and Scarier

Getting accurate abortion statistics is nearly impossible. Other figures are based on government reporting and IRS averages. **Please do not attack this project on a statistical basis.** I know and you know the figures are general. Even if this is off by 10%, 20% or more, it is still a staggering number (and is likely much worse than the sheet shows). The data on chemical abortions is estimated. Dr Bogomir Kuhar, executive director of Pharmacists for Life International, estimates that chemically induced abortions would increase the base numbers by 2 to 3 times. Please visit their website at <http://www.pfli.org> for more information.

What is the difference between chemically induced abortions and surgical abortions?

All legal, medical, and ethical research points to conception as the only logical definition of the beginning of new life. Chemically induced abortions are caused by birth control pills and devices that cause a fertilized egg to abort and are therefore no different than surgical abortions.

Surgical abortions are procedures that occur typically after 7 weeks and in most states can be performed all the way up to delivery. Surgical abortions use a range of techniques and procedures including chemically induced death, dismemberment, removal of the babies brains, and other gruesome techniques. Please review the methods at the excellent website, Abortion Education at <http://www.abortioneeducation.org>. The abortion methods section starts at this page <http://www.abortioneeducation.org/ae/WhatHappens/index.htm>.

Our data begins at Roe v Wade in 1973. But the birth control pill was widely available in the early 60's. It is impossible to estimate how many babies were killed in in the years between then and 1973.

It Gets Even Scarier

And we haven't touched the obscene amount of money that flows through the abortion industry from insurance, taxes, and other public funds. Nor have we discussed the staggering emotional toll on the mothers and fathers of these children who have for the most part been duped into accepting this as an acceptable alternative to dealing with the results of a moment of passion. Sooner or later they realize what they've done. Nor have we discussed the long term medical implications of abortion and the related costs.

And for what? To be free from a most sacred responsibility? For a moment of sexual pleasure? For that we've terminated millions and millions of innocent lives? Sex is an important part of our experience. But it is not a reason to kill. You want to have sex? Use a barrier contraceptive or self control. But don't kill the product of your pleasure.

We spend millions of dollars a year protecting the lives of our citizens, our children, the elderly, the handicapped, and criminals. Why? **Just because they escaped from their mother's vagina?** Is this the new Berlin Wall? Is it the new window to freedom? Really, any person who puts an iota of thought into this will realize the absurdity of the situation.
Don't Make This Mistake

In response to this data many people will say, "Wow. But where would they live?" Or, "How could they find jobs?" These are completely fallacious arguments. These are not reasons to kill babies. The fact is our economy is struggling because of the loss of talent, life, industry, and innovation. So what are you going to do with this? You must decide if you will act on this. Abortion is murder and we are all allowing it to continue to destroy lives and our country.

The Source of the Statistics

Variables Used for this Sheet

- Number of Abortions: National Right to Life
- Marriage Quotient: 0.5
- Work Start Year: 1996
- GDP: \$14,119,000,000,000
- National Debt: \$14,293,539,500,000
- Birth Rate (Married) 2.1
- Average Tax Rate 25% (IRS)
- Average Per Capita Income \$26,000 (census.gov)
- Top states and cities (census.gov)
- Home sales: National realtor data sites

Every person who looks at them (regardless of their position on abortion) will say, "See. That's how big you were in mommy's belly..." You see, they have no trouble seeing their children as fully human during pregnancy.
